

Patient Engagement

The tools you need to brand your practice and connect with your community!

WHAT IS PATIENT ENGAGEMENT?

MaximEyes.com Patient Engagement is an easy built-in solution that allows you to achieve more appointment requests, reduce no-shows, and drive revenue with email and text alerts for upcoming appointments, recalls, waitlists, and more!

THE BENEFITS

Save time and money with online scheduling and customizable intake forms that patients can complete from the comfort of their homes.

If your patient can't come in person, we got you covered with telehealth. Create virtual appointments with your patients when you need to by quickly creating a telehealth call. Yes, it's that simple and easy!

Control how you market your practice from within MaximEyes.com with Reputation Management. This powerful feature includes online surveys, marketing tools, referrals, and online reviews.
